Web
DEVELOPER

TOM CONROY

UX
DESIGNER

Experience

Sr. Front End Engineer | Reserve Media

Engineered the web frontend for Reserve Media's advanced V2 B2B Restaurant Management Platform. Used a JavaScript stack consisting of ES6 React, Redux, ImmutableJS, RamdaJS, React-Toolbox & CSS Modules.
June 2017 - Present | New York, NY

Lead Mobile Web Developer | Forbes Media

Lead the development team on Forbes Magazine's mobile-first, server-side-rendering Progressive Web App, showcased at Google IO. Project was built on a modern JavaScript stack consisting of ES6, React, Redux, SASS, ServiceWorkers, Node and Express.
April 2015 - June 2017 | Jersey City, NJ

Web Applications Developer | Rochester Institute of Technology

Worked as a full stack developer building and maintaining applications for the Student Academic Support Center used by both students and faculty. Worked primarily with Laravel, WordPress and jQuery.
August 2013 - January 2015 | Rochester, NY

Web Development Intern | Magnani Caruso Dutton

Utilized Laravel, jQuery, Backbone, Moustache.JS, Twitter Bootstrap in a team-centric AGILE environment. Developed both internal tooling and client-facing products. Clientele included Discover Financial and Samsung US.
June 2014 - September 2014 | New York, NY

Education

B.S., New Media Interactive Development | Fall 2014

Cum Laude | 3.55 GPA | Minor in Literature Studies
